USDLA and Leadership – An introduction to the organization, resources, structure, history

Join us to gain a better understanding of the association and learn about the pathway towards becoming a USDLA Board of Director. In this session you will meet with current Board of Directors for a deep dive into the structure of the association, the various committees, roles and responsibilities. Board members will also share their tips, stories and strategies for becoming leaders within the digital/distance learning communities. Ideal for all constituencies; K-12, Higher Education, Corporate and Government. You'll quickly see how this can be rewarding both personally and professionally.

Distance Learning Resources for Telehealth - A look into how DL is shaping the industry

We live in a world where healthcare has integrated technology both for education and health applications. Doctors, nurses, pharmacist – all levels of education – will need to be experts at communicating with technology. Best practices and resources for implement technology into the clinical case workflow is what makes telemedicine applications successful. This directly translates to any constituency so join us to learn more!

Grant Writing Workshop - A look into DL grants, tips for writing, submitting, managing a grant

Attendees will leave with an understanding of funding agencies and organizations, a list of current funding sources, an understanding of the grant seeking process, information on grant writing best practices and tools to find expert grant writers, access to funding search engines, an understanding of projected funding sources for 2019 - and more.
