

Pre-Conference Workshops
Monday May 20th, 2019 2:00 – 4:30PM CST
[PLEASE CLICK HERE TO REGISTER!!](#)

1: Distance Learning Resources for Telehealth - A look into how DL is shaping the industry
We live in a world where healthcare has integrated technology both for education and health applications. Doctors, nurses, pharmacist – all levels of education – will need to be experts at communicating with technology. Best practices and resources for implement technology into the clinical case workflow is what makes telemedicine applications successful. This directly translates to any constituency so join us to learn more!

2: Grant Writing Workshop - A look into DL grants, writing tips, submitting, managing a grant
Attendees will leave with an understanding of funding agencies and organizations, a list of current funding sources, an understanding of the grant seeking process, information on grant writing best practices and tools to find expert grant writers, access to funding search engines, an understanding of projected funding sources for 2019 - and more.

3: Bridgestone Learning Facility Tour
Join us for a tour of the local Bridgestone Learning Facility to better understand how a large Enterprise is leveraging virtual reality and augmented reality labs. The tour will also include some hands-on activities and should last an hour and a half or so. Time is required to arrange for logistics so please register at least 2 weeks in advance. The Bridgestone office is located near several attractions and is approximately 15 minutes away from the hotel so we will arrange for transportation.
