

Pre-Conference Workshops
Tuesday October 5th 2021 1:30 – 5:00PM EST

1: Apple Teacher & Tools Lab - Investigate creating content with Apple Tools
(1:30PM – 3:00PM EST)

This session will be hosted by Robbie Melton and will be a virtual hands-on lab for content creation. *Participants will need an iPad for this session. Participants will receive a list of free apps to install on their device so that they may create amazing teaching and learning content for distance education learning. Activities will include a showcase of interactive Apps, basic skills for designing prototypes of Apps, and guidance for becoming an Apple Certificated Teacher through the completion of App Badges.

2: Grant Writing Workshop - Investigate DL grants, writing tips, submitting, managing a grant
(3:30PM – 5:00PM EST)

Attendees will leave with an understanding of funding agencies and organizations, a list of current funding sources, an understanding of the grant seeking process, information on grant writing best practices and tools to find expert grant writers, access to funding search engines, an understanding of projected funding sources for 2020 - and more.
